Re: 2015 PASER Rating Inspection Notes

The following pages document the description of each roadway segment at the time of 2015 PASER Rating Inspection. The PASER Rating Inspections were performed on Thursday November 19th, Friday November 20th, and Monday November 23rd, 2015.

The descriptions include comments on the pavement type, the segment length, segment width, and photos to document the condition when the pavement was rated at 5 or below.

Appendix A is Project Location Map of the Village streets. The streets have been color coded to correspond to the pavement condition rating assigned according to the PASER Rating System.
