MARCH 2023

FREE PUBLIC EVENT

Live Generously Locally

### Thrivent is excited to showcase a few of Cleveland's local service organizations:

The Cleveland Fire Department, First Responders, East Wind Garden Club, the Cleveland Lions Club and the Cleveland Athletic Club will all be on hand to showcase the great work that they do for our community, upcoming events, projects and fundraisers as well as how to become a member. In addition, to learning about these amazing organizations:

- Enjoy a free hot dog
- CPR and AED demos
- Sit in a fire truck
- Win door prizes
- Learn fire safety and experience the Survive Alive House
- Learn how to apply for a college scholarship from the Cleveland Athletic Club and the Cleveland Lions Club

Join us at the **Cleveland Fire Department**

1274 W. Washington Avenue

**Saturday, April 1st**

**1:00 pm to 3:30 pm**

Pre-registration is appreciated but not required. To register, visit <https://livegenerouslylocally.eventbrite.com>.

## East Wind Garden Club

*Hello Gardeners!*

It's the most wonderful time of the year. No, ...not Christmas. It's time to join the East Wind Garden Club. Our dues are \$15.00 a year, not too pricey. We have four indoor meetings a year, March, April, September and October.

The month of May finds us digging and potting plants for our plant sale, our only fund raiser, mid-summer we gather for a summer social and once again for a social in winter.

We only call a club work day when one of the garden guardian's (keepers) need extra help to get a bed under control or it needs a facelift. When that happens, an email goes out to the club. So if you're interested, give me a jolt via email, [TLFiedler@outlook.com](mailto:TLFiedler@outlook.com) or call 920-693-8553 and I will get information to you.

Thank you goes out to our wonderful Winterfest committee. They did a great job with our winter social which was held at Highland Lodge.

Our March 16th program has, Jamie Fink, doing virtual garden tours through some of our members' gardens and the April 20th program on "Peonies" will be given by, Lynn Fiedler.

If you have a gardening topic you would like to share with our club, just let me know, using the email or phone numbers I just gave. We'd love to hear the info you would like to present. And we don't bite..not hard anyway.

That's it for now; until next time....Happy Gardening!

Lynn Fiedler, Prez, East Wind Garden Club

## Cleveland Lions Club

Your Cleveland Lion's Club hopes you are having the best start to your 2023 year. We are planning quite the lineup of events this year and look forward to sharing them with you and seeing you there.

The next events we have coming up are:

- **April 1st - Cleveland Area Non-profit Day**  
at Cleveland Fire Dept from 1 pm – 3:30 pm
- **April 8th - Egg Your Yard!**
- **May 19th & 20th - Garage Sale Brat Fry at Dairyland Park**

Let us egg your yard for Easter! For the first year ever, The Cleveland Lions will be offering "Egg Your Yard." Saturday, April 8th after 7 pm, your Lion's will spread eggs thru your yard with more enthusiasm than even the Easter Bunny. We do the work. We provide the egg with candy inside. All this for a small donation. Details coming shortly! Watch the Cleveland Lion's Club Facebook page to reserve your eggs. There will be limited orders!

Plans for the 2023 Dairyland Festival are underway. Mark your calendars for Saturday, August 5th and Sunday, August 6th. It will be bigger and better than ever before. Keep watch on our Dairyland Festival Facebook Page for all the excitement: [www.facebook.com/ClevelandDairylandFestival](http://www.facebook.com/ClevelandDairylandFestival)

We want to thank all of the community hunters who donated their deer hides over hunting season! We had a lot of hides to give to the Wisconsin Lion's Camp. This camp has a focus on kids and adults that are blind, deaf or who have diabetes. The deer hides are sold by the camp and the funds are used to operate the camp so any who attends is able to for free. To learn more about the Wisconsin Lion's Camp ask any Lion's Club member or check out their website at [www.wisconsinlionscamp.com](http://www.wisconsinlionscamp.com)

**JOIN THE LION'S:** In the 2023 calendar, your Cleveland Lion's is looking to grow its membership to help this growing community. We invite YOU to make a difference in your community.

For information contact any Lion's member or send a message on our Facebookpage. [www.facebook.com/ClevelandWILions](http://www.facebook.com/ClevelandWILions)

See you soon!

# Carstens Lake Water Quality Improvement Project

## Overview of Sedimentation and Treatment Basin with Sorption Technology

Lakeshore Natural Resource Partnership (LNRP) and partners at Stantec and the University of Wisconsin – Stevens Point (UWSP) are working on a design for water quality treatment along Pine Creek, a direct tributary to Carstens Lake. The project was initiated as a result of a three-year study, conducted by the Manitowoc County Lakes Association (MCLA) between 2012-2014, which identified high levels of phosphorus in Carstens Lake. At the time of this study, the amount of total phosphorus was >40 ppb (compared to the DNR target of 20 ppb) and has since increased to 97 ppb. The 2018 Carstens Lake Comprehensive Management Plan recommends offline structures adjacent to Pine Creek for water quality treatment to mitigate phosphorus loading in Carstens Lake, and was the catalyst for this project.

The goal of LNRP and partners is to improve water quality in Carstens Lake and Lake Michigan, create wildlife habitat, and increase diversity of land use within the predominantly agricultural landscape. The project will also highlight research conducted by UWSP, which is exploring the potential for beneficial reuse of slag material as a sorption media for phosphorus reduction. If successful, similar technology can be applied to local near-shore Lake Michigan watersheds.

The offline sedimentation basin, to be constructed later this year, will decrease high stream flows and allow particulate solids and nutrients to settle in the basin, protecting Carstens Lake and ultimately Lake Michigan from runoff contaminants. In addition, a secondary treatment will be provided by implementing UWSP's sorption technology in the outlet berm. This will capture reactive phosphorus prior to discharge into Pine Creek, increasing the amount of pollution removed from the stream. The sorption technology, developed by Professor Kyle Herrman, uses steel furnace slag to remove dissolved phosphorus from the water stream. The UWSP lab team tested the slag throughout 2022 to ensure the technology is suitable for use in the field, and are currently in the final stage of review. So far, ecotoxicity testing results have been favorable, and UWSP is waiting on the final conditional approval from the Wisconsin Department of Natural Resources (WDNR).

With grant funding from the Fund for Lake Michigan, LNRP and Stantec are hoping to begin construction in Fall 2023. UWSP staff and UWGB-Manitowoc Campus student interns will be responsible for maintenance and monitoring throughout the course of the first two growing seasons at Carstens Lake (expected to be 2024 and 2025) as well as collection of baseline data in 2023. During these first two years, UWSP will install automated sampling equipment to capture both high flows during storm events and subsequent sampling after each storm. Dr. Herrman's lab at UWSP will supply equipment and water chemistry analysis, making it possible to monitor the levels of phosphorus and suspended solids in Pine Creek. UWSP will also support staff time for graduate students to monitor and evaluate samples. Additional funding for supporting the two-year pilot program was provided by MCLA and LNRP's Stewardship Investment Fund.

This project is only one step in a broader restoration process. There is a degraded wetland area located east of Pine Creek that will be enhanced for additional water quality benefit and habitat value. LNRP proposes to remove invasive reed canary grass, excavate two shallow wetland scrapes, and install a native pollinator-friendly seed mix to the wetland area. The wetland scrapes will provide additional flood storage and nutrient capture along Pine Creek, adding to the water quality improvement created by the construction of the offline sediment basin.

## Cleveland Fire Department Fire Fighters and First Responders

Annual **BRAT FRY**

**Sunday, May 7th at our firehouse!!!**

There will be brats, burgers, chicken, patty melts, steak sandwiches (made to order), grilled cheese, and French Fries along with many **HOMEMADE** desserts and ice cream!

We will have all day raffles, bucket raffles, and silent auction items~

This is the only fundraiser we do for our organization! Your support is very appreciated ~  
All the profits are used for training, update equipment and gear, and upkeep of the building.

We could use your help ~ We are looking for First Responders and Firefighters!!! Please considering volunteering to help your families, friends, and neighbors... If you're interested in caring for someone in a time of need or currently work in the medical field, please get involved with our First Responders. Meetings are the 2nd Thursday at 7 pm. Our firefighters meet the 1st and 3rd Monday at 7 pm. Please call Chief Tony Meyer 920-905-1138 if you'd like more information!

If you know a 14-17 year old that you think would be interested in learning about firefighting, please let us know! It's a hands on experience to explore the world of firefighting. Check out our Facebook page (5 Star Explorer Program) to see what we do! Please call Dean at 920-960-2932 if you'd like any information!

Hope to see you at the brat fry!

## Cleveland Fish and Game

We would like to say thank you to everyone who participated, came to support or volunteered in our 6th annual ice fishing tournament!

A couple new things happening this year. Fish and Game will now be offering a yearly scholarship for all who are eligible. Also, we will be hosting a concealed carry class for anyone interested. Please contact Jason Sohn at 920-207-5296 if you would like more information on either.

Our Summer Trap League will be every Thursday evening starting in May. The captains meeting will be held April 6th at 6:00 pm. Must be a member to shoot. If you are interested in joining this league or have any questions, please contact Justin Henschel at 920-946-4243.

**41st Annual Cleveland Fishing Derby  
at Hika Park**

**July 28th, 29th & 30th**

There will be food, refreshments and raffles throughout the weekend.

**Friday night we will be having a FISH BOIL!**

Raffle winners and fishing awards will be presented Sunday at approximately 4 pm.

For up-to-date information, please like us on Facebook at Cleveland Fish and Game.

There we will keep you updated with current news and standings.

Our club meetings are held on the second Monday of each month at 7:00 pm. If you are interested in seeing what our club is all about or interested in becoming a member, please stop by the club on South Union Road and join us for a meeting.

## Nursing Assistant Training More Convenient and Flexible

Lakeshore Technical College is helping meet the continued high demand for Certified Nursing Assistants (CNAs) by making training more convenient and flexible for area residents.

With a newly constructed 1,440 square foot training lab now open at LTC Manitowoc, 600 York St., Nursing Assistant program students can choose to learn there or at the lab on the Cleveland campus. Starting in June, students will also enjoy more flexibility due to Lakeshore shifting from its traditional structured delivery format to its newer competency-based education (CBE) format. The CBE format allows students to schedule their coursework during dates and times that fit around their work and family commitments. They can start almost any month of the year and take extra time to master clinical skills if needed.

A recent search on indeed.com showed 127 available jobs for CNAs within a 25 mile radius of Cleveland. By making training more convenient and flexible, Lakeshore expects to graduate more qualified candidates to fill those positions.

The new instructional space at LTC Manitowoc includes four simulated patient rooms for the lab portion of the Nursing Assistant course. The new lab and Cleveland campus lab will both be open a variety of days and times and an instructor will always be present.

Individuals at least 16 years old may begin the Nursing Assistant program at Lakeshore any month except May and December. A technical diploma is awarded to those successfully completing the two-credit course. Individuals are then eligible to take the State of Wisconsin Nursing Assistant Competency Examination. They can seek employment as a CNA upon passing the exam or pursue other healthcare occupations requiring the training, such as radiography and advanced nursing (Registered Nurse, Licensed Practical Nurse).

CNAs play a vital role on healthcare teams. They provide direct patient care for hospitals, nursing homes, adult day care centers, assisted living facilities, clinics, and home health care services. They monitor patients' health and help them with basic needs including eating, bathing, grooming, and mobility.

For more information, contact Lakeshore's Admission Advisors at 920-693-1162 or visit [gotoltc.edu/programs-and-courses/degree-programs](http://gotoltc.edu/programs-and-courses/degree-programs).

## Cleveland Clever Clover 4-H

4 H empowers young people with the skills to lead for a lifetime. It's a research-based experience that includes a mentor, a hands-on project, and a meaningful leadership opportunity. Many of our graduates state that the greatest strength 4-H gave them was "communication skills." As a 4-H member, they are able to connect with others, grow as a person, and gain leadership skills.

Manitowoc County has a new 4-H Educator, Katrina Pionek. Under Katrina's guidance, 4-H is growing with new programs and activities. Welcome Katrina!

Thank you to all who supported our Candy Making Fundraiser. Many compliments have been received.

If interested in joining 4-H, please contact Heidi Belitz at [belitzoo@charter.net](mailto:belitzoo@charter.net).

# Centreville Settlement Continues Historically Significant Work

Go to [centrevillesettlement.com](http://centrevillesettlement.com) or choose to "Like" us on the Facebook site to learn more, see photos and learn how you can become involved. Centreville Settlement is a not-for-profit organization, dedicated to the preservation of the Saxon German culture and the farming community.

On Feb 18th CSI had their annual meeting at Laack's Hall in Johnsonville.

Keynote speaker Randy Kober, accompanied by three real Dinkelsbühlers!! Hailing from Laurentian University's McEwen School of Architecture, and with German family, Randy will present insights into German mediaeval timber framing based on his experiences in teaching traditional building and architecture, and living in Dinkelsbühl Germany.

The 41st Anniversary of the group continues with timber frame repair, stone masonry and historic gardening. The heritage garden produced a bounty of heirloom tomato, rhubarb, beans, rutabagas and potatoes for farm style lunches during workdays. If you would like to volunteer to assist with the historic garden, contact Kathy Pearce at 920-946-1036.

**Please support Centreville Settlement at the Brat Fry on Sunday, May 7th at the Piggly Wiggly in Plymouth**

Live music, flavorful brats, juicy 1/4 pound burgers and home baked goods from 9:00 am to 1:00 pm

Tours of the nationally significant project are available on work days by emailing in advance to Sarah Lutze at [sdlutze@gmail.com](mailto:sdlutze@gmail.com).

Plan on joining for 2023 to work with a fascinating set of people with a common goal of historic restoration of rural heritage of the area while having old fashioned fellowship in work ethic, sharing farm style family meals and living through life long learning.

Several archeological digs resulted in over 7,000 artifacts being recovered at the Lutze Housebarn—the current major restoration project.

Work days are scheduled to begin for 2023 on April 8th and then continue every second and fourth Saturday of each month from April to November. All are welcome. Persons wishing to be involved in the hands-on work with stone masonry, timbers, windows or wood related aspects are encouraged to contact Chris Kuehnle, Project Director at 920-693-3141. The Lutze Housebarn is located at 13630 South Union Road, Newton, WI 53063-9753.

We provide **FREE** estimates for new installations of heating and cooling equipment. No pressure—just the answers you need to make an informed decision.

(920) 686-7378 [www.ManitowocHeating.com](http://www.ManitowocHeating.com)

# Announcing the 34th Annual Village Garage Sales

Friday May 19<sup>th</sup> and Saturday May 20<sup>th</sup>, 2023  
8 am – 4 pm

Can be open on Friday, Saturday and/or Sunday (please indicate days below)

Fee of \$6.00 covers all ads, and a number sign for your yard that will match the number on the maps.

**Please be fair to other participants and pay to have your garage sale listed.**

Questions? Contact: Jeffrey Haen 920-912-4775

Susan Haen 920-693-3055

**Deadline to register is May 1st.** Mail or drop off form below and \$6.00 to: Susan Haen 930 Cherry Hill Drive, Cleveland 53015. Cost will be \$8.00 if received after May 1st. No guarantee your house will be listed if received after May 4th.

With the money collected last year we were able to advertise in 10 papers, on radio stations, and had the ad run on several websites. PLEASE LIST IF THERE IS AN ADVERTISING YOU WOULD LIKE US TO DO, THAT WE CURRENTLY ARE NOT TAKING ADVANTAGE OF.

Please help to support your neighbors by getting the word out and by posting the event on your social media.

We handed out over 1,500 maps showing where the garages were located and items everyone was selling!!

## 34th Annual Village of Cleveland Garage Sales
