JUNE 2025

Greetings Clevelanders!

The board continues to work on a host of items, big and small, I'll hit on a few from the past months.

- Park signs are on order to remind owners to clean up after their pets so residents can continue to enjoy without our public works staff dedicating valuable time.
- The village wide ATV/UTV ordinance has been adopted and signs placed throughout the village. We held an informational meeting at Lakeshore College with WATVA to review laws within the village and state regarding the operation of ATV/UTV on public roads.
- The public works committee received a preliminary boat launch replacement design and is beginning to discuss estimated costs. The intent is to understand the overall replacement cost of our current launch and pier so the village can apply for the appropriate grant later this year.
- The board has approved a proposal from a 3rd party engineering firm to assist in a long-term solution to the water quality issues. While this is a top priority for us it will take time, tentatively targeting an operational system date of mid to late 2027.
- On the development side, the Clear Sky Rehabilitation center nears competition, a few housing projects are in the early stages, and we continue to discuss other development interests.

I encourage everyone to visit our website www.clevelandwi.gov for more specific information and updates. You'll find contact information for all board members on the site, if you have questions, comments, or concerns contact any of us directly or attend any regular meeting.

Lastly as we move into the much-anticipated summer, traffic will increase, pedestrians will be on the move, and kids will be at play. I ask everyone to be mindful of their speed, keep pets leashed, and watch out for each other.

Village President,
Jarrold Jackett

Be Part of Friends of Hika Bay's Next Chapter!

Lakeshore Natural Resource Partnership (LNRP) is excited to announce an effort to rejuvenate our longest-standing partner group Friends of Hika Bay – a dedicated team of volunteers working to support conservation and water quality improvement efforts within the Centerville area of the Lake Michigan watershed. With fresh energy and new faces on board, we are looking forward to expanding our impact and increasing our community engagement in protecting our natural resources.

To initiate our engagement, we will be joining the Friends of the Manitowoc River Watershed for a Manitowoc River Basin-wide beach cleanup on Friday, **June 21st from 9 to 11 am**. Our group will be focused on cleaning the shoreline at **Hika Bay Park**, and we welcome anyone who is passionate about conservation to lend a hand. This is a perfect opportunity for high school students who need volunteer hours, or anyone looking to make a positive impact in the Cleveland area.

If you're interested in volunteering, please **contact Sam Frauenfeld** at sam@lnrp.org, or call or text **920-782-0693**.

Looking ahead, we'll be hosting a *Friends of Hika Bay* Meet and Greet this September at a local business – stay tuned for details! It will be a great chance to connect with fellow conservation-minded individuals, share ideas, and help shape the future of our work for the better of the Cleveland area watersheds.

We'd love to have you join us in making a difference!

Lakeshore College Teams Up With UW-Green Bay to Support the Need for More Teachers & Nurses

Lakeshore College and the University of Wisconsin–Green Bay announced the new **FORWARD** program that will allow students wishing to pursue a teaching or nursing degree to begin educational journeys in those in-demand fields starting this fall and stay close to home for the entire journey.

The **FORWARD** program saves time and money for each student while allowing them to stay within the region and meet local workforce needs. All classes are offered locally at the Lakeshore College Cleveland campus, the UW-Green Bay Sheboygan campus, and online.

The forward-thinking partnership directly impacts the local community. Students begin by earning their associate degree with Lakeshore and finish with a bachelor's degree at the UW-Green Bay Sheboygan campus. For the first time in this area, interested students can receive an affordable four-year teaching or nursing degree from a public university close to home.

Move **FORWARD** & Get the Details

Those interested in learning more about the benefits of the **FORWARD** program are welcome to attend an upcoming information session. Sessions are set for:

- June 10, 9-10 am, UW-Green Bay, Sheboygan Campus
- June 18, 6-7 pm, Virtual

Topics covered during the sessions include an overview of the **FORWARD** program, curriculum, learning options, course locations, financial aid options, and tours.

Session registration and details about the **FORWARD** program are available at LakeshoretoUWGB.com.

Cleveland Lions Club

We would like to THANK everyone who supported our fundraising brat fry during the garage sales weekend. We had a great turnout – at times the parking lot was full and the line was up the driveway. WOW! Our fundraising efforts support community projects such as your little league baseball & softball programs, education scholarships, kids summer camp for the blind -- just to name a few.

Speaking of Scholarships - I am honored to share this year's recipients of the Cleveland Lion's Club Education Scholarship. This year's Scholarship winners are: **Riley Sundae and Lilly Martin**. Cleveland Secret Santa

The Secret Santa Group wants to again thank everyone who has helped us spread holiday cheer in December to those in need who live in the Village.

We are just a small group of individuals that rely on your monetary donations to help 12 local families. We accept donations ALL year. Any monetary donations can be dropped off at the Cleveland State Bank in care of the Cleveland Secret Santa. We also get donations from several local organizations (Athletic Club, Fish & Game, Snow Hawks, Lions Club, etc.) so please be sure to continue to support them as well with their fundraising efforts as they do so much for our community. Have a great summer and we'll update you on our progress for our deliveries in the next newsletter.

East Wind Garden Club

I can't believe it. We've had enough warm weather and sunshine to melt the "almost forever" snow pile in the back yard.

Maybe by the end of June, the clematis and hostas will be brave enough to break through the soil.

From the EWGC to you, Clevelanders and the public, thank you for stopping at our plant sale on garage sale weekend.

This is our only fundraiser so every sale we make is important for maintaining our club.

What expenses could our club have, you may ask. If we have any type of public event, such as the plant sale or our Expo event at Dairyland Festival, we need insurance.

The tent for the Expo, as small as it is, costs big dollars to rent, and of course there are plants and shrubs for the community beds. There are others but I won't bore you with them.

So....that's why your purchases from our plant sale mean a lot, and we appreciate them immensely.

Speaking of community beds, we will have a "garden in a garden". It's a "Kindness" garden that will be part of the bed on Washington and Hazel/Hickory Streets.

We hope you'll take part in this bed.

Please stop by our tent at the Dairyland Festival on August 3, 2025. We'll be in a different spot this year; across the driveway from our normal area. With any luck, we should have lots of dahlia blooms on display. The dahlia was the club project for this summer.

Also in the tent will be a display of pictures and data from last summer's castor bean project. That one needed the entire summer and into fall to reach an almost full-grown height. You don't want to miss this interesting plant project.

Congratulations!, to the Cleveland Lions on the construction of the awesome new pavilion they had built and helped build in certain areas. It's a big plus for our community.

See you in August.

Happy Gardening!
